PROFILE OF THE
Executive Governor
OF OYO STATE

His Excellency, **Engr Oluwaseyi Makinde, FNSE**

EARLY LIFE AND EDUCATION

Born on 25 December 1967 in Ibadan, Oyo state, to Late Pa Olatubosun Makinde and Madam Abigail Makinde of Aigbofa Compouind in Oja'ba, Ibadan. He attended St. Michael's Primary School, Yemetu in Ibadan and Bishop Phillips Academy, Iwo Road Ibadan. He also attended the University of Lagos, Akoka Yaba, Lagos and graduated with a B.Sc. (Hons) degree in Electrical Engineering in 1990.

He was trained in Industrial Control Services in Houston, Texas in 1998; and Development of Analytical Competence at Lagos Business School (now Pan African University) in 1999. He studied Fundamentals of Crude Sampling at Jiskoot Auto Control Training Centre, Kent England in 2002, and Understanding and Solving Complex Business Problems at Massachusetts Institute of Technology, USA in 2005.

PROFESSIONAL AND BUSINESS CAREER

Seyi worked for Shell Petroleum Development Company for two years from 1990 to 1992 as a pupil engineer. Thereafter, he worked for Rebold International Limited as a Field Engineer and Assistant Manager (Eket Operations) from 1992-1997 where he designed, installed, supervised and commissioned several instrumentation projects.

In 1997, Makinde established his first business, Makon Engineering and Technical Services Limited (METS), after working for five years (1992-1997) with various international oil and gas companies (IOCs), as the Engineering Manager. He is now the Group Managing Director of Makon Group of Companies.

Makinde is a member of national and international professional bodies notably: Nigerian Society of Engineers (NSE), Council for Regulations of Engineering in Nigeria (COREN), Oil and Gas Design Engineers of Nigeria (OGDEN), International Society of Automation (ISA), Institute of Measurement and Control UK; and American Measurement Institute (AMI).

POLITICAL CAREER

Engineer Seyi Makinde maintained that joining the PDP was not for personal gains but for the development of the State by finding lasting solutions to the array of problems facing the State.

On September 29, 2018, Makinde emerged as the gubernatorial candidate of the People's Democratic Party (PDP) for the 2019 general elections for Oyo State, after polling 2772 votes at the primary election that took place at Liberty Stadium, Oke Ado in Ibadan.

On February 23, 2019, the Makinde led People's Democratic Party (PDP) secured majority votes (515, 621) to record an emphatic victory over the ruling party, The All Progressives Congress (APC), during

OF THE PACESETTER TRANSPORT SERVICES

One Year in Office Speech

My dear colleagues, esteemed guests, and fellow stakeholders,

I stand before you today with immense pride and gratitude as we mark a significant milestone—the completion of my first year in office as Chairman and Sole Administrator of this great organization, Pacesetter Transport Services.

First and foremost, I would like to extend a heartfelt appreciation to His Excellency, Engr Seyi Makinde, the Executive Governor of Oyo State. Our achievement at Pacesetter Transport Services today is a testament to your commitment to our organization and the people we serve. Thank you, sir, for your steadfast support and leadership.

As I reflect on the past twelve months, I am reminded of the immense challenges we faced, the obstacles we overcame, and the remarkable achievements we accomplished together. We have grown, we have learned, and we have evolved.

I want to highlight some of our key achievements over the past year, which are detailed in the brochure. We have made significant strides in the following areas:

1. We have prioritized the well-being and happiness of our staff, introducing initiatives such as health insurance, retirement plans, and training programs to support their growth and development.
2. We have invested heavily in renovating our office and equipment, creating a more conducive and efficient work environment.
3. We have embraced technology to streamline our operations, enhance customer experience, and drive innovation.
4. We have fostered stronger relationships with our partner agencies and stakeholders, ensuring seamless collaboration and effective communication.
5. We have implemented measures to enhance our services, including process automation, customer feedback mechanisms, and performance monitoring.

These achievements would not have been possible without the dedication and hard work of each and every one of you. I am proud of the progress we have made together and grateful for your immense support.

Throughout the past year, we have worked diligently to strengthen our foundations, foster a culture of innovation and collaboration, and drive growth and excellence in all aspects of our operations. We have made significant strides, and I am proud of what we have achieved together.

As we celebrate this milestone, I am filled with excitement and anticipation for the future. We will continue to build on our strengths, embrace new opportunities, and push the boundaries of what is possible.

Thank you for your hard work, your dedication, and your trust in me. I am humbled and grateful to serve as your Chairman and Sole Administrator, and I look forward to many more years of success and growth together.

Thank you.

ACHIEVEMENTS OVER A YEAR

STAFF WELFARE //

1. Approval & commencement of payment of gratuity

Contrary to past administrations, Hon. Dr. Ibraheem Oladeji Salami (DIKKO) has commenced payment of gratuity to all retired staff from 2009 to date, addressing a long-standing issue.

2. Regular & timely payment of staff salary

All members of staff receive their salaries regularly, no later than the 25th of each month, aligning with the payment schedule of state civil service employees.

3. Payment of 13th month salary

In the festive month of December 2023, Hon. Dr. Ibraheem Oladeji Salami (DIKKO) decided to uplift staff morale by providing them with double salaries, following Gov. Seyi Makinde's example of granting state workers a 13th-month salary. This practice had not been observed for approximately ten years among company staff.

4. Upgrading of staff salary to minimum wage (Junior staff)

Unlike previous administrations, Hon. Dr. Ibraheem Oladeji Salami (DIKKO) has extended the N30,000 minimum wage to all junior staff members, promoting equity and fairness.

5. Celebration of World Women's Day 2024 as a way of recognising and encouraging efforts of female staff

For the first time in the history of OYOPTS, female staff were celebrated in grand style on World Women's Day 2024. The vibrant event featured inspiring talks by university professors, along with a variety of captivating performances by invited artiste and female staff members. Hon Dr. Ibraheem Oladeji Salami (DIKKO) presented cash awards to winners of various games and contests, further motivating the female staff to enhance their performance at work. This celebration has significantly boosted morale and encouraged greater contributions from female employees.

6. Promotion of senior staff to managerial positions

Managerial Positions have been elusive to countless number of qualified senior staff over the years due to limited managerial positions that existed then and the micro-management tactics of past administrations. By upgrading units to full-fledged departments, qualified senior staff members have been promoted to managerial positions, fostering improved performance and productivity.

7. Appointment of directors

Almost 10 months, precisely in May 2024, into the transformative leadership of the company, three promoted managers were further elevated to director positions by our quintessential Chairman and Sole Administrator - Hon. Dr. Ibraheem Oladeji Salami (DIKKO), streamlining policy formulation and strategic decision-making.

8. Recruitment of drivers

There has been mass recruitment of drivers into the company since the commencement of Hon. Dr. Ibraheem Oladeji Salami (DIKKO) led administration, due to expansion in the company's operations as buses deployment grew from daily deployment of 5 buses in the last administration to daily deployment of 65 buses within the first 3 months of his administration. The massive drivers' recruitment has allowed a driving work schedule for the drivers that allows adequate off-duties for each driver in a week as a way of caring for their health and welfare.

9. Enforcement of OYSHIA Scheme and Celebration of Health and safety Week 2024

The Oyo Pacesetter Transport Services hosted a successful Health and Safety Week in 2024. The event featured presentations from safety professionals representing a diverse range of fields. Also, the staff clinic now receives regular and increased funding for the purchase of more drugs, adequately meeting the needs of the staff.

10. Recruitment of bus supervising officers

Employment of Bus Supervising Officers to ensure that the existing electronic card system of fare payment by our esteemed passengers is successful and efficacious, is a laudable achievement of Hon. Dr. Ibraheem Oladeji Salami (DIKKO) led administration.

11. Engagement of Corp Members

The massive supports that Hon. Dr. Ibraheem Oladeji Salami (DIKKO) led administration gives to the NYSC Scheme and youth development in general through the recruitment of corps members into the company to serve as office assistants to various Managers and Directors is top-notch and this is actually a reflection of his unwavering passion for youths growth and development.

12. Giving of robust Christmas, Ramadan and Salah festive packages to all staff

The robust packages (both in kind and cash) given to all members of staff during Christmas, Ramadan and Salah festivals actually reflected the magnanimity and large heart of Hon. Dr. Ibraheem Oladeji Salami (DIKKO), including the fact that the sharing for both Muslim and Christian members of staff was done without any religion discrimination.

13. Open door policy & constant management meeting to guarantee staff freedom and inclusion

Hon. Dr. Ibraheem Oladeji Salami (DIKKO) recognises the contributions of every member of staff through his open-door policy and listening quality as a leader.

14. Approval of freedom of expression & practise of unionism (AUPCTRE)

Over the years, staff unionism had not been effective until the administration led by Hon. Dr. Ibraheem Oladeji Salami (DIKKO). Under his leadership, there is now a cordial relationship between the staff union and the management.

15. Giving of branded uniform & official ID card to all Oyo PTS staff

PTS staff now appear corporate in their newly designed T-shirt, shirt and trousers and tastefully designed Identification Cards under Hon. Dr. Ibraheem Oladeji Salami (DIKKO) led administration.

16. Creation of new departments and units like Human Resources Department, Due Process Department, Media Unit & Customer Service Unit

Creation of more cardinal departments and units such as those that aid customer relations and due process compliance has improved the overall productivity of the company under Hon. Dr. Ibraheem Oladeji Salami (DIKKO) led administration.

INFRASTRUCTURAL DEVELOPMENT

1. Upgrading of each office with modern work station facilities

The modern work stations make all the offices look smart. Each office now has adequate sitting arrangements. The work stations create no room for staff indolence but make staff supervision and coordination easier.

2. Purchase of new industrial generator

New Industrial Generator has stabilised all maintenance, planning, controlling and administrative activities required for a successful fleet operating company under Hon. Dr. Ibraheem Oladeji Salami (DIKKO) led administration.

3. Provision of Intercom in all offices

Provision of Intercom in all offices has improved work efficiency and fostered interdepartmental synergy with prompt and robust sharing of work information via the Intercom.

3. Installation of solar street light from Idi-Ope junction of PTS to the PTS entrance gate

The Solar Street lights have enhanced security on the street leading to the company, contrary to intense darkness that characterised the whole street in the past.

4. Provision of offices with Laptops & Desktops to all departments.

Members of staff in all departments are now more efficient in discharging their assigned duties with the use of Computers.

5. Engagement of Civil Defence officers to provide 24 hours security for company's facilities and staff

Under Hon. Dr. Ibraheem Oladeji Salami (DIKKO) led administration, adequate security has been established. Incidents of theft and the uncontrolled influx of strangers are now a thing of the past, thanks to the engagement of the Nigerian Security and Civil Defense Corps (NSCDC).

6. Fixing of sliding glass windows in replacement of louvered windows of all offices

All PTS buildings now feature a modern look with the installation of sliding glass windows, replacing the old louvered windows from 1989 when the buildings were first constructed.

7. Purchase of working tools and safety equipment for the maintenance department

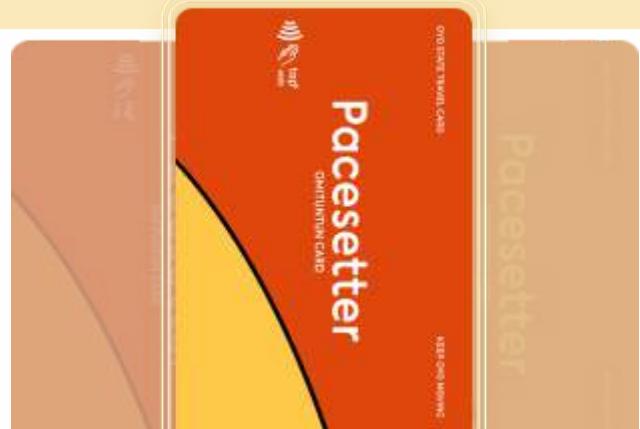

Prior to the inception of Hon. Dr. Ibraheem Oladeji Salami (DIKKO) led administration, each mechanic and other technician at the maintenance workshop worked with their personal tools which were often inadequate. Now, each one of them has a toolbox and access to central tools as well.

TECHNOLOGICAL ADVANCEMENT /

Introduction and implementation of electronic ticketing systems via the use of Touch and Pay (TAP) card

The implementation of the Electronic Ticketing System is a monumental achievement in enhancing the quality of our services. The system has significantly reduced cash transactions, which were previously prone to fraudulent activities by both the bus crew and passengers, thereby affecting the sustainability of bus operations. Additionally, easy access to boarding through the tap-in and tap-out card system is now encouraged.

TECHNOLOGICAL ADVANCEMENT //

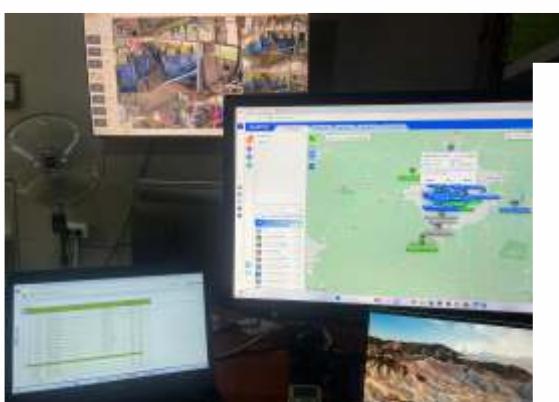

Use of inclusive payment system via electronically printed tickets platforms

To accommodate passengers who may not have their TAP cards when boarding, the company has implemented the use of electronically printed tickets. This ensures that all categories of passengers can board our buses, promoting inclusiveness.

Creation of the ICT department with necessary equipment such as flatscreen TV, laptops, printers, internet facilities etc.

In line with world best practices in fleet management, Hon. Dr. Ibraheem Oladeji Salami (DIKKO) has established a well-equipped ICT department to manage all internal administrative software and central operational control room.

Intelligent Transport which involves the use of Information Technology (IT) in ensuring efficiency and safety in the management and operation of transportation service is being embraced by Hon. Dr. Ibraheem Oladeji Salami (DIKKO) by creating a control room for digital monitoring of all the buses' operation. This has brought about efficiency in the management of our intracity and intercity bus operations.

TECHNOLOGICAL ADVANCEMENT

Installation of CCTV cameras in all Omituntun buses

All Omituntun buses operating on both intracity and intercity routes are now equipped with CCTV cameras. This allows real-time monitoring of all onboard activities from the control room, ensuring the safety and security of our passengers.

Fixing of trackers in all Omituntun buses

The exact location of each bus in operation is now known, thanks to trackers installed in all buses, which further enhance operational efficiency and passenger safety.

TECHNOLOGICAL ADVANCEMENT

Provision of free Wi-Fi facilities in all buses operating in both intracity and intercity operation

Free Wi-Fi is provided as a value-added service on Omituntun buses, enhancing the overall experience, alongside benefits like comfort, safety, affordability, reliability, and more. This amenity is accessible on all Omituntun buses.

Digitalisation of PTS internal system with the deployment of administrative software

Hon. Dr. Ibraheem Oladeji Salami (DIKKO) introduced an advanced administrative software to modernise the company's internal systems in line with 21st-century standards. This software streamlines the process of initiating requests, obtaining necessary approvals and releasing funds, all within seconds. As a result, the company has seen increased efficiency and productivity across all departments.

Digitalisation of staff attendance and overtime system

To promote punctuality and accountability, our company has introduced a biometric attendance system. Staff members are now required to clock in and out using the machines installed in strategic locations throughout the company. These devices accurately record the exact time of arrival and departure for each employee, effectively eliminating lateness and abscondment from workplace.

TECHNOLOGICAL ADVANCEMENT /

Installation of inverter, batteries & solar facilities to power and light-up essential offices

With the adoption of solar power, our administrative, strategic planning and operational offices now enjoy a seamless and efficient work environment. This reliable source of energy enables us to meet our targets and deadlines with ease, as our operations are no longer disrupted by power outages or fluctuations.

Installation of CCTV cameras & solar light within the PTS compound for the security of facilities & personnel

Hon. Dr. Ibraheem Oladeji Salami (DIKKO) has shown a zero-tolerance approach to theft and insecurity within the company by implementing two key measures. Firstly, he has installed solar lights in all areas of the company, providing adequate illumination at night and enabling minor maintenance work to be carried out during this time. Secondly, he has introduced CCTV cameras to monitor all activities and movements of staff and non-staff members within the premises, thereby eliminating staff loitering and unauthorised activities. These measures ensure a safe and secure work environment, free from theft and misconduct.

INTER-AGENCY RELATIONS / AND PUBLIC AFFAIRS

1. Cordial relationship with the Park Management (PMS) Team

The hitch-free operation of the company's intra and intercity buses is a reflection of robust and healthy relationship with all stakeholders in transportation in Oyo state, especially with the leadership of Park Management System initiated by Hon. Dr. Ibraheem Oladeji Salami (DIKKO).

2. Cordial relationship with traffic law enforcement agencies in the state

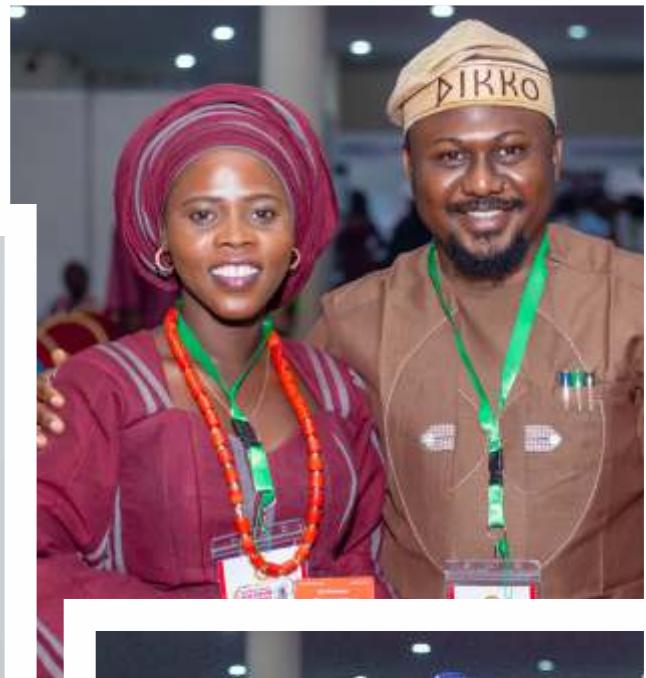

Hon. Dr. Ibraheem Oladeji Salami (DIKKO) has consistently acknowledged the vital contributions of the Oyo State Road Traffic Management Agency (OYRTMA), Nigerian Police Force (Oyo State Command) and the Federal Road Safety Corps FRSC to the smooth transportation operations in the state. By recognising their efforts, he has cultivated a cordial relationship between the company and these law enforcement agencies, ensuring a harmonious partnership that supports the company's goals.

3. Distribution of customised Omituntun cards to dignitaries and 150,000 free Omituntun cards to the people of Oyo state

Hon. Dr. Ibraheem Oladeji Salami (DIKKO) has distributed Omituntun cards customised with the names of various dignitaries. Also, to encourage a smooth transition from the old manual ticketing system to the new electronic card system, the company has given out 50,000 Omituntun cards for free during the first three months of its implementation. This initiative, sponsored by His Excellency Engr. Seyi Makinde, benefits all passengers across the state, covering both intercity and intracity operations.

4. Free Omituntun cards & top-up for two months on the Honor 103.5fm programme titled "Ninu Oko Omituntun"

As part of our public sensitisation programme on Honor 103.5 FM, dubbed "NINU OKO OMITUNTUN", we rewarded callers with free Omituntun cards and a complimentary top-up. This initiative aimed to promote the adoption of our newly introduced electronic card system and express our gratitude to our loyal customers for their continued support and commitment to our services.

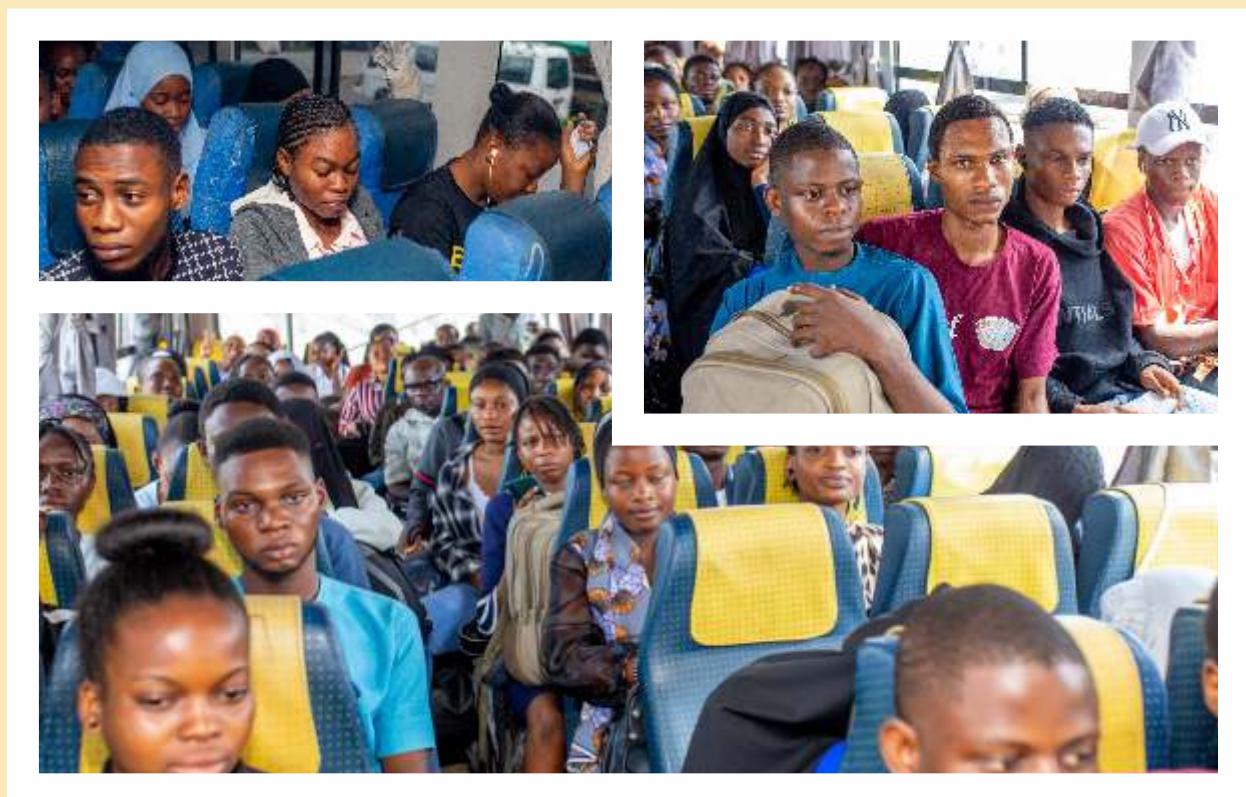

5. Three (3) months public enlightenment & engagement on the radio

We have launched a comprehensive public enlightenment and engagement campaign on radio to reach a vast majority of Oyo state citizens, promoting the newly introduced electronic payment system. To ensure maximum coverage, we have partnered with popular and widely listened-to radio stations, including Fresh 105.5FM, Honor 103.5 FM, and Agidigbo 88.7 FM, to broadcast our messages and engage with the public.

6. Provision of low-cost inter-campus shuttle for LAUTECH students

Following the relocation of LAUTECH's Faculty of Agriculture to Iseyin by His Excellency Engr. Seyi Makinde, Hon. Dr. Ibraheem Oladeji Salami (DIKKO) has ordered the immediate deployment of buses to facilitate affordable transportation between the Iseyin satellite campus and the Ogbomoso main campus. This initiative aims to support students with a low-cost inter-campus shuttle service.

ACHIEVEMENTS ON SERVICE IMPROVEMENTS /

1. Expansion of bus network: From 5 to 65 intra and intercity buses

Under the leadership of Hon. Dr. Ibraheem Oladeji Salami (DIKKO), our company has regained the trust of our customers, who appreciate the enhanced quality of our services. To address commuters' needs, we have significantly increased our fleet, reducing waiting time for our buses. Previously under-served routes now have at least two buses, while heavily traveled routes like Gate - Oju Irin - Olunda have seen a substantial increase from one bus to four buses. Also, we have improved intercity connections by deploying two buses on each route, linking cities and towns such as Ibadan to Saki, Ibadan to Ogbomosho, Ibadan to Iseyin, Ibadan to Oyo, Ibadan to Ibarapa (Igboora/Eruwa).

The image shows a mobile application interface for a bus service. At the top, there's a map of a city area with several bus stops marked. Below the map is a list of bus routes categorized into 'Intra-City' and 'Intercity' routes.

2. Increase of buses operation coverage from 2 routes to 30 routes including both intra and intercity operation

Our route network has been expanded to cover the entire length and breadth of Ibadan, creating a comprehensive mesh-like structure that connects all residential areas to the Central Business District. This seamless connectivity enables our buses to provide passengers with convenient transportation from their homes to their workplaces, making commuting easier and more efficient.

3. Identification and erection of loading stands at all major loading points within the city

We have erected loading stands at all major loading points, ensuring our buses have a designated space to pick up passengers. This has eliminated the issue of Micra, Mini buses and Keke operators taking over our loading points, providing a smoother experience for our commuters.

4. Enforcement of standard passengers loading capacity for different bus sizes

Overloading that makes riding on Omituntun buses uncomfortable and insecure has now become an experience of the past. Strict discipline and sensitisation of drivers on the consequences of overloading upheld by Hon. Dr. Ibraheem Oladeji Salami (DIKKO) has made this possible.

5. Adequate provision for the washing of buses to ensure that the buses are always neat

Our buses are now washed twice a week during the dry season and three times a week during the rainy season, providing a clean and hygienic environment for our passengers.

6. Provision of sheltered stands for top up of passengers' cards along the major bus stops on all routes within the city

Taking the wideness of the city of Ibadan into consideration, the company under Hon. Dr. Ibraheem Oladeji Salami (DIKKO) has installed sheltered top-up points at major bus stops along all routes, allowing passengers to easily top up their cards at convenient locations.

7. Provision of stickers indicating the destination of each bus for commuters' easy identification of any bus route of operation

We have placed clear stickers indicating the destination of each bus, making it easy for commuters to identify their desired route.

10. Constant keeping in stock of buses' frequently consumed spare parts

Under the leadership of Hon Dr. Ibraheem Oladeji Salami (DIKKO), the consistent stocking of frequently consumed spare parts for buses has effectively eliminated previous issues of bus grounding due to parts unavailability. Essential components like tyres, batteries, clutches, and propeller center rubbers are now prioritised, ensuring uninterrupted bus operations.

FUTURE PLANS / AND VISIONS

1. Introduction of green energy buses and conversion to CNG

Responding to rising fuel costs, particularly diesel, and the need for sustainable operations, efforts are underway to introduce green energy buses. Additionally, there are plans to convert existing diesel buses to CNG-powered vehicles to reduce harmful emissions

2. Redesigning PTS testing ground into a modern loading terminal

As a leading transport company expanding its fleet, it is essential to establish a company-owned central loading terminal. Under the leadership of Hon Dr. Ibraheem Oladeji Salami (Dikko), plans are underway to modernise the PTS testing ground for this purpose.

3. Introduction of PTS E-Hailing rides

Recognising the demand for more e-hailing taxi options, particularly in Ibadan, Hon Dr. Ibraheem Oladeji Salami (Dikko) is launching PTS e-hailing rides. These rides will feature comfortable new cars at competitive rates.

4. Revival of PTS interstate routes

Plans are nearing completion to revive interstate operations from PTS to cities such as Lagos, Osogbo, Akure, Abuja, Calabar, and Jos. New 15-seater and coaster buses will serve these routes.
